In the last evaluation we were given the feedback that we should work on the Phd and Mtech admission portal so that we can make the portal live. Since then we have made corrections in the code for checking the input fields of the forms. Last time a number of issues were found and we have resolved those issues which were left to be resolved as well as we have found some other errors / ambiguities also which are being resolved. The frontend was also rectified.

There was some progress in the Phd conference grant management portal also in which in our last eval we were given the feedback that we should make a settlement form , which in this evaluation we have started working on.
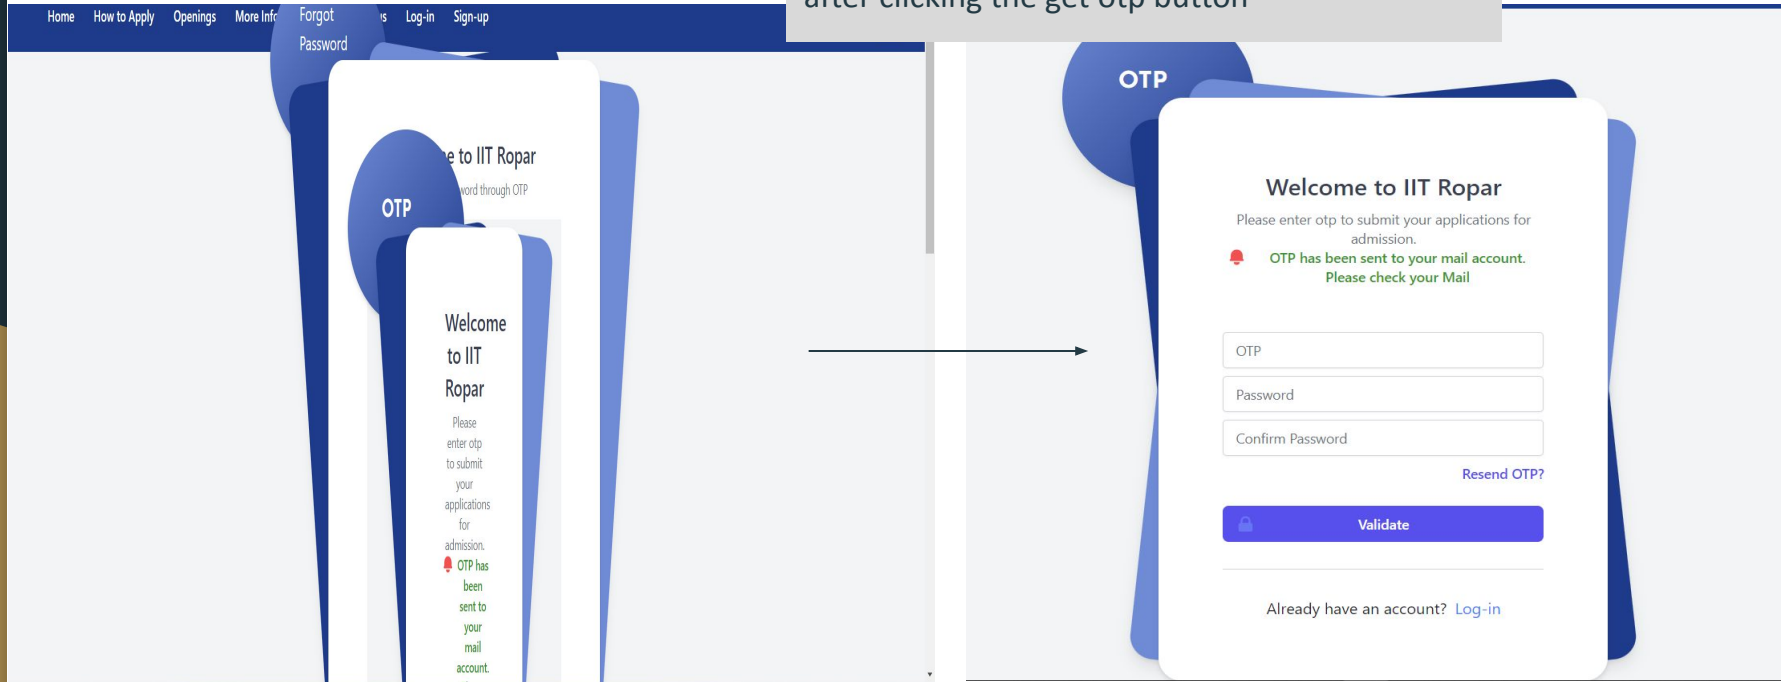

Project - PHD and Mtech Admissions Portal

https://github.com/ARinger22/PHD_Admission_Portal

- **_Frontend_** - For changing the password when we click forgot password and after that get otp , the frontend appeared like the image attached below

Corrected the frontend of forgot password page after clicking the get otp button

● *Backend*

In forms , we observed a number of fields which are not checked while filling the application

1. If the marital status is unmarried , then also the form was taking spouse name and working status of spouse and is not giving any error and saving the application form with the entries getting saved in the database.

After correction of this error now if we enter the marital status Unmarried, and then try to enter the spouse name and working status of spouse, it will give alert

2. In personal details , the name column was accepting special characters , digits as well as small letters and when saved it was not giving any error

Personal Details ✎

Full name	123@aa	Father's Name	
Date of Birth	2024-03-09	Gender	
Nationality	Bahamas	Category	
Aadhaar Card Number	123456123456	Marital Status	
Belongs to PWD	NO		

Candidate Full Name *

123

⚠ Please use capital and small English letters (i.e. a-z, A-Z)

Father/Spouse *

Father

Father/Spouse name *

Date of Birth *

024

Aadhar Card Number *

111111111111

Whether belongs to PWD category *

NO

Here now after correction before even saving the form, it is giving the error that the name syntax is wrong

3. In personal details , the blood group column was accepting digits rather than the specific blood groups and when saved it was not giving any error

After correcting the code , there is an alert which is showing that we can enter only specific blood groups only

4. In personal details , the date of birth column if we enter the date of birth after the current date and save it , there was no error given and saved successfully on the profile.

Personal Details ✏️

Full name	123@aa
Date of Birth	**2024-03-09**
Nationality	Bahamas
Aadhaar Card Number	123456123456
Belongs to PWD	NO

After making the required corrections in the code, if we are entering the date of birth after the current date, and try to save, then it won't be saved

5. In admin portal if we are creating an admission cycle having the start date after the end date and save it , then it is getting saved and not giving any error

Current Admission Cycles

Add New
Click to add a new admission cycle

AY 2024-2025
Jul 2025 - Mar 2025

Previous Admission Cycles

AY 2023-202
Apr 2024 - Ju

After correcting the code , now when the start date is entered after the end date of the admission cycle, then it is not saving and giving the alert that the start date should be before the end date

New Admission Cycle ✕

Name *

simk04

Duration *

| March, 2024 | January, 2024 |

⚠ End time should be after start time

Category-wise Application Fees *

| GEN | 1 | OBC | 1 | EWS | 1 |
| SC | 1 | ST | 1 | PWD | 0 |

Brochure for PHD Admissions *

◯ Make Current Admission Cycle

6. In the profile application , while entering the education details , initially the year of passing 10th , 12th and degree if we entered the year after the current year and save it or enter the year of passing 10th after the year of passing 12th , it was getting saved without any error.

Education Details 🖉

Degree	10th
Percentage/CGPA	88
Attachments	📎 10th_marksheet	View

| Board/University | ugiyfv |
| Year of Passing | 8888 |

Degree	12th
Percentage/CGPA	88

⚠ Sorry. Only those who have passed 12th standard before the current year are allowed.

⚠ Please enter correct graduating year

After correcting the code , there were proper alerts given if the year of passing is after the current year or the year of passing 10th is after the year of passing 12th, it will not save and give alerts

7. In the admin portal , if we set the deadline of the admission cycle before the current date , there was no error given and the admission cycle was created successfully.

After correcting the code , there were proper alerts given if the deadline of the admission cycle is before the current date. Only after that the admission cycle can be added.

PROJECT - PHD
Conference Grant Portal

https://github.com/Arker123/phd-conf-mngt/

1. In the Indian form submission, files were not getting uploaded to drive

After correcting the code , files were properly getting uploaded to drive.

2. In the fill settlement form, corrected the backend to upload files to mongodb

Application $

Fill Settlement Form?

If you want to fill the settlment form, You need to fill this application form with supporting document attached. First Time, Please refer to User Guide.
